Total	<u>\$ 74,400.75</u>

Total	<u>\$ 33,338.70</u>

Robby reminded the Board that all three of these jobs were written to bid individually, with the option to pick and choose, where as the bid from earlier this year was bid in a group of roads for a better price.

Brian Wanner asked what the benefit would be to do any of this work now, rather than including it with our bid for next years road work. Robby discussed that if we would decide to repair Richmond Road, it would be complete. We were not aware that the bids that we received earlier this year would be so low or we could have added it to the project, as well as had the base repair been done better, we would not have this as an option.

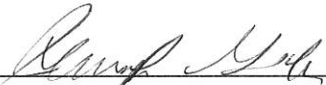

Jen discussed that we had planned to use \$200,000.00 out of our General Fund and \$200,000.00 from our Liquid Fuels fund to pay for the road work this year, which there is a balance of \$133,297.21 that is left over for this project.

Robby discussed that next year's roadwork would consist of finishing these roads as well as School Road, which there is base repair that needs to be done, a leveling course from RT.222 to Schiery Road and a leveling course and overlay from RT. 222 to Fleetwood Lyons Road. We also talked about doing Kehl Drive and our parking lot next year, which Kehl Drive could be done with Liquid Fuels but not our parking lot.

After a brief discussion, Brian Wanner made a motion to accept H&K Groups bid of \$74,400.75 to repair Moll Road and carry the balance of left over funds to next years project, Scott Brinker seconded the motion. Motion carried unanimously.

### **ADJOURNMENT**

There being no further business, a motion was made by Brian Wanner to adjourn the meeting at 4:45 P.M. The motion was seconded by Scott Brinker. Motion carried unanimously.
